We Are On Mission

When you heard pastor Roger speak about us being “On Mission” what went through your mind? Does being on mission feel like it applies to you and your life? Do you feel confident in being on mission? If yes, why, if no, what would help?

Walking by faith and not by sight is not a blind leap, but an informed leap. Discuss how the Word of God changes how you look at and process the world around you. Use Proverbs 3:5-8 as a guide.

Do circumstances affect your confidence in being on mission for God?

One Goal

We find our confidence in obedience, not in worldly ideas of success. How does this statement challenge you?

In 2 Corinthians 5:9 Paul shows that he has one goal: “to please Him.” This goal both limits and frees Paul. Using Proverbs 12:11 and Colossians 3:17 as guides, discuss how having one goal is important.

Discuss what it would look like to have Paul’s one goal in the modern world.

Judgement is Real...

When you think of Judgment Day, do you think of something good or bad? Positive or negative?

Using 1 John 2:28-29 as a guide, discuss your reaction to John talking about having confidence at Christ’s coming.
